

INTRODUCTION TO VISUAL DESIGN FOR SCIENTISTS AND SCIENCE COMMUNICATORS

A workshop for the beginners and the intuitive visual designers inside every scientist

Tuesday, May 2nd 2017

Campus of Gambelas, Faro

Speaker: João T. Tavares

Duration: c. 1h30m

MAIN TOPICS

//Some useful concepts of graphic design and visual communication;

//Tips and examples within science communication and environmental education.

Will include exercise(s), e.g. how to apply these concepts to a presentation or a poster. We advise participants to bring their laptops with their favourite image editing software installed.

Special Sponsor to the 7th European
Pond Conservation Network Workshop
+ LIFE CHARCOS Seminar and the 12th
Annual SWS European Chapter Meeting
